Thank you very much for
staying with me till the end.

I've always tried my best to insert words of greeting and thanks into the characters' dialogue in *Fullmetal Alchemist*. I truly believe that a simple greeting or giving thanks helps us appreciate the fact that we, as human beings, depend on the support of one another to live.

And now, as this journey comes to an end, I'd like say to everyone who was involved, "See you around" and "Thank you very much."

OUTLINE

FULLMETAL ALCHEMIST

Using a forbidden alchemical ritual, the Elric brothers attempted to bring their dead mother back to life. But the ritual went wrong, consuming Edward Elric's leg and Alphonse Elric's entire body. At the cost of his arm, Edward was able to graft his brother's soul into a suit of armor. Equipped with mechanical "auto-mail" to replace his missing limbs, Edward becomes a state alchemist in hopes of finding a way to restore their bodies. Their search embroils them in a deadly conspiracy that threatens to take the innocence, if not the lives, of everyone involved.

Now, on the Day of Reckoning, as the original Homunculus reaches for godhood, the Elric brothers and the other alchemists who dared open a portal to the Truth are fighting the battle of their lives, with the fate of the world hanging in the balance.
